

Position

Do you have a concern for people and the environment? Do you think you would enjoy working in a laboratory? Are you well organized, & pay attention to detail? Do you want to make an impact in the world? Do you enjoy working both on your own and as part of a team?

Burn Design Lab, headquartered on Vashon Island, WA is offering a part-time entry level position to a clear thinking, well-organized, individual with a strong work ethic. BDL is looking for someone willing to work at least 20 hours per week to further the mission of Burn Design Lab.

Burn Design Lab is a U.S. based internationally focused non-profit organization dedicated to the improvement of lives and the environment in the developing world through research, design, and development of outstanding cookstoves and cookstove manufacturing systems.

The successful candidate will be engaged in some or all of the following:

- Preparing wood and charcoal fuel supplies for cookstove testing.
- Weighing particulate emissions sample filters using a precision balance.
- Conducting selected cookstove and cookstove material tests.
- Fulfilling a limited amount of janitorial duties (emptying trash, vacuuming, etc.)
- Calibrating and maintaining laboratory systems, equipment, and instruments.
- Completing additional tasks and responsibilities as assigned to support the mission of BDL.

Experience

Required experience and aptitudes:

- High school degree or equivalent.
- Strong organization skills and attention to detail
- Eagerness to learn.
- Ability to work both independently and in a team environment.
- Strong work ethic.

Desired experience and aptitudes

- Some college education preferred.
- Experience with collecting and organizing data.
- Proficiency with MS Excel, PPT, and/or Word.
- Table saw and miter saw experience

Please note that proof of vaccination against COVID-19 is required to work at Burn Design Lab.

Start Date & Duration

This position will start as soon as a suitable candidate is found. It is anticipated that this position will be at least 6 months in duration.

Compensation

This position pays \$17.10/hour plus paid vacation and holiday time.

Location

This position is on-site at BDL's laboratory on Vashon Island, state of Washington, U.S.A. Proof of authorization to work in the U.S.A. required.

To Apply

To apply, please send your resumé or CV, and expression of interest to hr@burndesignlab.org. For more information on BURN Design Lab, please visit <http://www.burndesignlab.org> or visit our Facebook page www.facebook.com/BURNDesignLab.
